INSYNCR: the IT summary

One page for IT, software asset management and purchasing. November 2026. insyncr.com/for-it

What it is

A Microsoft PowerPoint add in for Windows that binds slides to live data (Excel, SharePoint, SQL Server, Salesforce and more), so a recurring report refreshes with one click or generates one file per record from one template.

Where the data goes

Nowhere. INSYNCR runs inside PowerPoint on the user's machine and reads each source with the user's own credentials and permissions. There is no INSYNCR cloud in the path and no copy of the data stored by us. Generated files land where PowerPoint saves them. It works with no internet connection at all.

Compatibility

Microsoft Office 2016 and later, including Microsoft 365 desktop apps; not the browser version of PowerPoint.

Windows 10 and 11; Windows Server 2012 through 2023 for shared and virtual desktops.

A standard installer, about five minutes; no admin console, no agent, no service.

Licensing

Per named user, annual or monthly. A Starter, Business or Professional license, picked by the data sources needed, builds and controls the links; a Viewer seat opens, refreshes and views a deck built with one of those licenses and needs one Starter, Business or Professional license in the team.

The license follows the person, not the machine. Rebuilt virtual desktops can be licensed per session: say so on the quote request.

How to buy

Card on the site through Stripe. Invoice and wire transfer from 10 licenses. Purchase orders at any size against a quote number; W-8BEN-E or VAT number on request. Prices are in euros (EUR).

Buying is direct, so the price you see is the price you pay.

Accessibility

A VPAT (Section 508, WCAG 2.1 AA, EN 301 549) is completed on request for the standard your procurement names. Slides produced with INSYNCR are ordinary PowerPoint files and inherit PowerPoint's accessibility features.

Somebody to call

info@insyncr.com. Offices in Belgium and the USA, 09:00 to 18:00 Brussels time and US mornings.

INSYNCR BV, Lanklaarsesteenweg 31, 3665 As, Belgium. Company registration number BE 1016.489.625, VAT BE 1016.489.625. 530 7th Avenue, Suite 902, New York, NY 10018.
